Work experience

November 2017	Research engineer at ONERA in the DMPE Department.
October 2017 December 2005	Senior Researcher at CERFACS in the CFD team. Applied research programs for large companies (Airbus, ONERA, Safran, Airbus Safran Launchers) on improvements of the CFD solvers *elsA*, *JAGUAR* and *LaBS*. Specialist in numerics and in turbulence modeling, with focus on methods for unstructured grids. Proposition of activities, scientific reports for many contracts (DPAC, European projects, direct contracts...). Support to users and developers. Supervision of research programs.
April 2003 December 2005	Research engineer at Commissariat à l'Énergie Atomique. Centre d'études Scientifiques et Techniques d'Aquitaine - Group Rentrée, Étude et Conception (GREC). Research programs on the CFD solvers for reentry Ares, Galadriel and Thot (turbulence modeling, influence of wall roughness, coupled CFD and radiation computations) and activities on Martian reentry for CNES and ESA.
October 2001 March 2003	Post-doct position at CERFACS. Simulation of wake vortices (European project C-Wake PCRD GDR1-1999-10332), wall functions in CFD and laminar hypersonic flows in chemical equilibrium for NSMB).

Education

December 2014	Accreditation to supervise research, Université de Toulouse, mentored by Bertrand Aupoix, after the review of Prof. P. Cinnella, Prof. R. Kerr and Prof. P-H. Maire.
September 2001	Ph.D. Thesis, Université de Montpellier II, advised by Bijan Mohammadi, after the review of A. Dervieux et J. Cousteix.

Skills

Systems	UNIX, Linux, Mac OS X, HPC.
Simulation	*elsA*, Jaguar, LaBS.
Programming	C/C++, F90, Python, OpenMP, MPI, CGNS.
Mesh generation	ICEM CFD, Centaur, Gmsh.
Automation	LaTeX, Keynote, Microsoft Office Suite.
Post-Treatment	Antares, Paraview, Tecplot.

Activities

Sport	walk, bicycle.
Restoration of old vehicles	scooters, car.

Languages

French	Native proficiency.
English	Articles, conferences and courses.
Spanish	Baccalaureate level.

Scientific activities

Reviewer	Journal of Computational Physics Journal of Scientific Computing, AIAA Journal, International Journal of Computational Fluid Dynamics, Computers & Fluids Proposal for funding by ANR

Publications and conferences
